

Time to trade in and trade up with iPad Pro. A brilliant business partner.

Incredibly thin and light, yet more powerful than most PC laptops, iPad Pro takes your business to new places

iPad Pro

- 11-inch iPad Pro Wi-Fi 64GB
- Smart Keyboard Folio (3rd Generation)
- Apple Pencil (2nd Gen)

From only:
£1.12 per day!*

Incredibly thin and light, yet more powerful than most PC laptops, iPad Pro takes your business to new places.

Featuring the world's most advanced display, the A10X Fusion chip with more power than most PC laptops, and the enhanced productivity features in iOS 11. Instantly access files from cloud services like Box and Dropbox with the Files app. Drag and drop to add text, photos and more.

Easily mark-up documents, sign forms and take notes with Apple Pencil. And choose from over 230,000 apps for business on the App Store.

How to Trade In and Trade Up

1. Customer has 200 older generation tablets and needs a product refresh
2. Through the Tech Data Renew trade in programme the customer can trade in their old tablets and (providing they are in reasonable condition) they can receive big savings for their trade-in
3. The customer can now purchase their new iPad Pro, Smart keyboard folio and Apple pencil, and as they have decided on purchasing via a 2-year Tech-as-a-Service subscription plan, they are going to pay a low monthly payment, giving them amazing savings
4. 2 years later... The customers and their reseller receive notifications that their subscription is ending soon – with time to trade in their old tablets and refresh their subscription with the latest and greatest new iPad products

*Indicative pricing based on 36 month subscription
