

Cisco Catalyst 9200: High performance switch at a competitive market price

Do your customers face challenges relating to digital transformation and want to get on the intent-based networking journey? The Cisco Catalyst 9200 is a secure, always-on switch built for IT simplicity and simple branch deployments.

The fastest-ramping new product introduction in Cisco's history

The Catalyst 9000 Family is an opportunity accelerator for your intent-based networking offerings:

- 3.7x more opportunities than the typical spend on a traditional switch
- 4.8x bigger wireless deal size when attached to Catalyst 9000 switches and 8.7x with DNA Center™ respectively
- 6.7x greater customer spend with a Cisco DNA Center attachment (Multipliers may vary depending on your customer's network size and environment.)

The Catalyst 9200 Series

Cisco's newest fixed access switch will be your foundational building blocks for intent-based networking:

- It is the most widely deployed switch with a large installed-base opportunity
- It is currently the only secure switch anchored by industry-leading Talos research and Trustworthy Solutions
- It offers twice the performance at the same price.

Win the Catalyst 9200 installed base migration and you'll lead the customer's intent-based networking journey across market segments: **enterprise and mid-market**, and **broader scale deployment**.

Make Tech Data your first choice when buying Cisco

With Tech Data's Trusted Advisor approach we work with you to identify, deliver and expand IT opportunities by driving your growth, increasing your profit, reducing your costs, and increasing your customer satisfaction.

We can help you to deliver an exceptional service to your customers with expert advice, quick ordering and exclusive discounts.

We can also help you to create a predictable service-led revenue stream with our exclusive Credit Elevator and Tech-as-a-Service offerings. For more information, please visit trustedadvisor.techdata.co.uk/taas

Grow your Cisco business with Tech Data's strategic support, solutions and programmes:

- ProSupport
- Managed Bid Tools
- Tech Data Volume Grid discounts
