Broadcom MegaRAID

Enable maximum data centre flexibility with tri-mode connectivity and NVMe performance benefits

The MegaRAID 9460-16i Tri-Mode Storage Adapter is a 12Gb/s SAS/SATA/ PCIe (NVMe) controller card addresses large storage capacity and data protection by delivering proven performance and RAID data protection for a range of high-end server storage applications.

Benefits include:

- Connect up to 240 SAS/SATA devices or 24 NVMe devices per controller
- Fits into rack-mounted servers with low-profile form factor and side-mounted SAS connectors
- Support critical, high-bandwidth applications with PCIe® 3.1 connectivity
- Balance protection and performance for critical applications with RAID levels 0, 1, 5, 6, 10, 50, and 60
- Add more protection and peace of mind with CacheVault® flash cache protection
